bacon, on a bed of lettuce

## Wisconsin Friday Fish Fry\*

\* Whether dining out or preparing food at home, consuming raw or undercooked meat, poultry, seafood, shellfish, or eggs may increase your risk of foodborne illness, especially if you have certain medical conditions

Almost 60 years ago my mom, Ann, who was widowed, needed a job to support her three children at home, Judy, Joe, and Storm. The only thing she knew was cooking. She had previously managed a cafe in Stevens Point, The Congress Club. Somehow she stumbled upon The Crystal Cafe here in Iola, my mom loved this little town! It was unheard of for a woman to buy a business at this time. However, she managed to get a loan from the bank in the amount of \$13,000 to purchase The Crystal Cafe. The Cafe originally had only 13 coffee cups and place settings for 12. The daily special was roast beef (only a 4 Lb roast). All of the old-timers would speak Norwegian while enjoying their coffee, cookies, and good conversation. Business was slow in the beginning, but all of the townspeople soon started to gather here and it became the social center of Iola. Mom would work almost every day. "It was just Mom and I on the weekends, 5 am until 8 pm." On a great day we would make about \$80 during a fifteen hour shift. "We did not have much, much of nothin!" Mom would always say. We did not have guest checks, I would have to call orders back and Mom would make it all from scratch. In between customers both Mom and I would take turns doing dishes all by hand! As time passed by, the business grew and we were able to afford to remodel the building. So, as The Crystal Cafe went on I found myself always at the restaurant helping out Mom. She worked a lot, her expertise being PIES. She always thought that anything homemade is always better. So, her big secret about making her pies, "It's all about the feel of the dough." Mom believed in working hard, very hard, making everything from scratch, and serving quality food.

Mom retired at the age of 82 and I took over holding true to her philosophy. Now my daughter Jennifer manages and runs the kitchen as well as makes all of our award winning pies, just like her grandmother!

You will also see the 4th generation of girls, Sadie and Olivia. Olivia is attending college at The University of Arizona, and Sadie has graduated from The University of Alabama and now helps to manage the cafe and catering.

Almost 60 years later and we have once again remodeled and added on. We have named our new addition, The Family Room! What could be more perfect in keeping mom's dream alive!

I hope you'll enjoy your visit, because here, we treat you like family!

Love, Judy

~Jennifer, Olivia, Sadie, & Judy
